

# RING ROLLERS ACCESSORIES

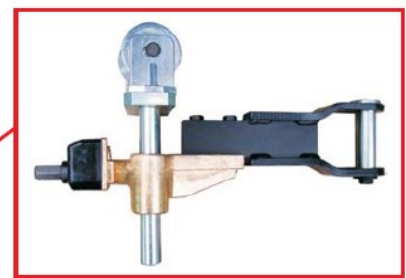

## SPIRAL BENDING DEVICE

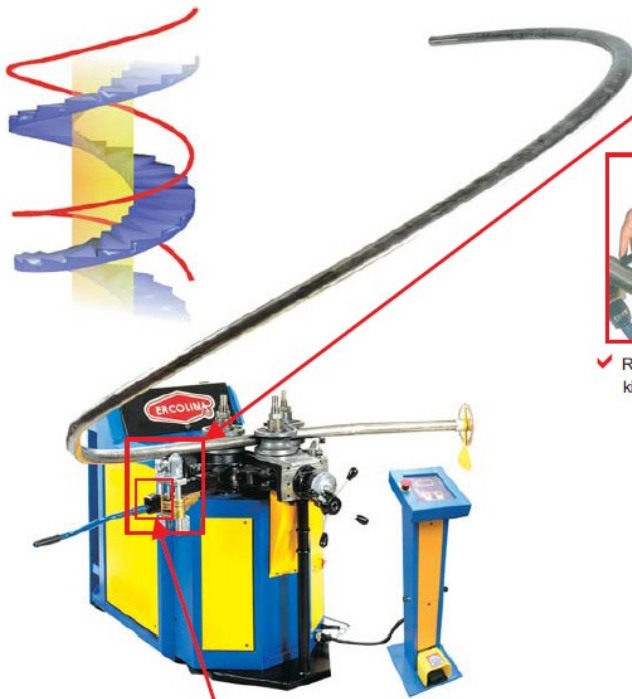

Accessory for large pitch spiral applications, such as handrails up to 50 mm (2") diameter tubes.  
The device is designed for easy mounting on the machine and reversibility, for both righthand and lefthand spirals.

Art.	Description
CS5A11 CS7A11	Spiral bending device (to be used with artt. ELI-KIT and ELI-SOFT)
ELI-KIT	Including: tube rotation reader (art. ELI-001), short archmeter (art. ELI-002) and long archmeter (art. ELI-003)
ELI-SOFT1	PC software for spiral bending (to be used with artt. CS5A11, CS7A11 and ELI-KIT)

Art. CS5A11

✓ Radius measuring kit

Art. ELI-KIT

Art. ELI-SOFT1

✓ High precision mechanical counter for repeatability of lifting roller positioning
